

Description: Gyproc Levelline® Flex Corner Tape

Product description:

Gyproc Levelline® Flex Corner Tape provides a perfect corner to any angle every time. Applied with Gyproc® Pro-Fill Jointing Compound / pro top ready mix jointing compound, it has a uniform, strong, structural bond because of its paper backing preventing cracking and callbacks. High quality formulated face paper is perfect for applying paint or texture. Great for all off-angles, stand ups and areas of irregular framing. Gyproc Levelline® Flex Corner Tape is ideal for creating straight lines in raked ceilings.

Application:

Any external or Internal plasterboard corners & can be used for upright, reveals, bulkheads, columns, splays & racked ceiling.
